General Medical Consent

If it becomes necessary for your son/daughter to receive medical treatment and you cannot be contacted by telephone or any other means to authorise this, do you give general consent to any necessary medical treatment and authorise the Group Scout Leader (or in their absence a delegated Leader), to pass on relevant information and sign any document required by the hospital authorities. *

Name of Parent/Guardian: _____

* The medical profession takes the view that a parent's consent to medical treatment cannot be delegated. This view is explicit in the Children Act 1989. Thus medical consent forms have no legal status and a doctor / nurse insisting on the consent of a parent to a particular treatment has the right to do so. At the same time it can be a comfort to medical staff to have general consent in advance from parents or to have a Leader on hand able to sign forms required by the medical authorities.
